nifty V130T

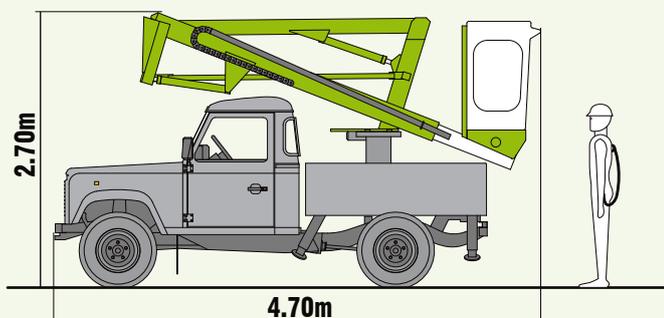

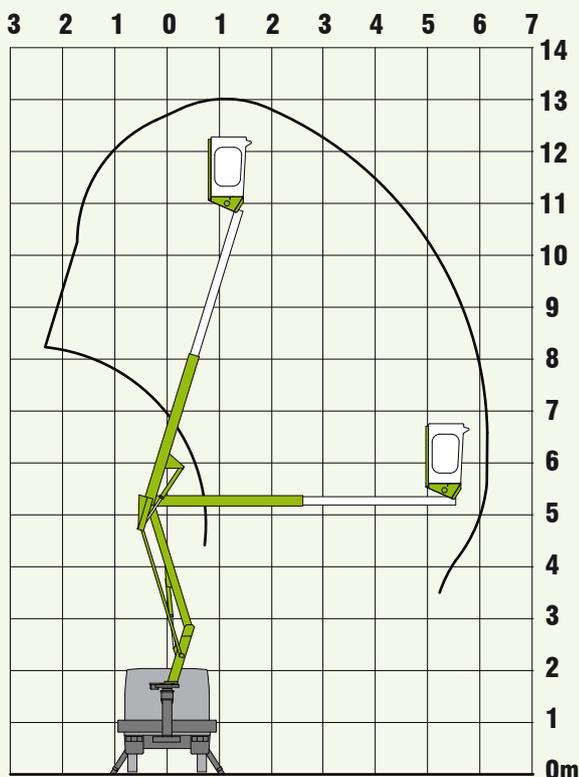

The **V130T** is the UK's number one selling Landrover mounted access platform and is the preferred off-road access solution for most of the major utility companies. The Landrover's rugged 4-wheel-drive allows it to travel comfortably off-road while its four hydraulic stabilisers ensure maximum stability when working. The **V130T's** compact dimensions make it ideal for jobs where space is limited and its impressive outreach make it an invaluable tool in a wide range of applications.

SAFETY FEATURES

- Pressure sensitive outriggers
- Audible and Visible Alarms
- Manual Recovery with Hand Pumps
- Dual Controls (Platform & Base)
- Lock Valves on all Hydraulic Cylinders
- Four Hydraulic Stabilisers for Maximum Stability Off-Road
- Dual Harness Points
- Platform Overload Warning
- Landrover and Platform combination CE Approved

Fully proportional controls give the operator precise control when positioning the platform and the **V130T** has ample capacity to carry tools and other equipment.
